

# MJ-10L Series

## Dual Round Heads Emergency Light

### Dual Round Heads Emergency Light

The Round Dual Heads Emergency Light delivers bright and reliable illumination during power outages and emergency situations. Equipped with two fully adjustable LED heads, it provides precise directional lighting where it is needed most. Energy-efficient LED technology ensures up to 150 lumens output per head while maintaining long-lasting performance. With a built-in rechargeable battery and durable thermoplastic housing, this fixture is designed for safety, **reliability, and compliance in residential, commercial, and industrial applications such as hallways, stairwells, offices, and public spaces.**

MJ-10L

### Key Features — Dual Round Heads Emergency Light

- Dual Round head LED emergency light design
- Built-in 3.6V rechargeable battery
- Minimum 90 minutes emergency operation
- ≤24 hours full recharge time
- Low power consumption: 2.4W; 150 lumens output
- Flame-retardant, impact-resistant thermoplastic housing
- Suitable for humid and damp environments
- UL listed for safety compliance

Item Number	Length	Width	Height
MJ-10L	10"	2.36"	5.12"

### Technical Summary

Item Number	Description	CCT	Voltage	Emergency Operation	Battery	Recharge Time	Wattage	Lumen
MJ-10L	Dual Round Heads Emergency Light	5000K	120/277V	≥90 mins	build-in 3.6V	≤24hrs	2.4W	150LM

### Electrical

- 120/277V universal input
- Built-in 3.6V 700mAh rechargeable Ni-Cd batter
- Minimum 90 minutes emergency operation
- Full recharge time: ≤24 hours
- Power consumption: 2.4W

### Housing

- Flame-retardant, impact-resistant thermoplastic housing
- Durable construction for long-term performance
- Suitable for indoor damp locations
- Compact design for easy installation

### Optics

- High-efficiency dual LED light heads
- 5000K color temperature for bright emergency visibility
- CRI 80+ for standard color rendering

### Mount

- Universal J-box mounting system
- Supports wall or ceiling installation
- Quick-install back plate for fast and secure mounting
- Suitable for retrofit and new construction projects
