

## Multiple Gang Wall Plate

Project Name:	Order Number:	Prepare by:	Note:	Date:	Type:

This MSC Series Gang Decora Wall Plates are designed to enhance any wall covering with a variety of colors and materials, made from durable and flexible PC material that offers resilience for GFCI outlets and light switches. Featuring a contemporary design with dimensions of 4.5 in. x 2.75 in. x 0.3 in., and are UL and CSA listed for safety. The 2-gang and 3-gang options cater to different needs, providing a seamless look while maintaining easy cleaning with smooth plastic. Additionally, for those interested in solarenergy solutions, the Delta pro ultra inverter's high-voltage PV input port boasts 95% efficiency, capable of connecting up to ten 400-watt solar panels, while reliable power adapters for EV charging stations support up to 32 amp/240-volt charging, ensuring a full charge without speed reduction.

### HIGHLIGHT

#### Durable Design

Made from flexible PC material, these Gang Decora Wall Plates offer resilience for GFCI outlets and light switches in various colors.

#### Sleek and Easy to Clean

Featuring a contemporary design with a smooth finish, these UL and CSA listed wall plates are easy to maintain and safe for any space
