

MSTM Linear Strip Light Series

4FT/8FT Strip

Linear Strip Light

The **MSTM Series Linear Strip Light** is a high-efficiency commercial lighting solution designed for warehouses, utility rooms, workshops, garages, retail spaces, and industrial applications. Featuring a slightly wider square-profile design, it delivers modern appearance with bright and uniform illumination for large-area lighting applications. **With selectable wattage and 3CCT functionality**, the series provides flexible lighting performance for a wide range of commercial and industrial environments. Optional accessories are available for enhanced installation flexibility and application versatility.

Key Features — Linear Strip Light

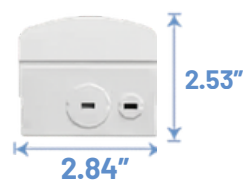

- Slightly wider square-profile strip light design
- Available in 4FT and 8FT configurations
- Selectable wattage for flexible lumen output
- 3CCT selectable (3500K / 4000K / 5000K)
- 0–10V dimming compatible
- 120–277V wide voltage input
- CRI 80+ for reliable color rendering
- High-efficiency LED performance
- Accessories available

Construction

- Durable steel housing for commercial applications
- Square-profile linear design for modern appearance
- Designed for long-term reliability and stable performance
- Suitable for industrial and utility environments

Driver

- Integrated high-performance LED driver
- 120–277V wide voltage input
- Supports 0–10V dimming
- Stable, flicker-free, and energy-efficient operation

Optics

- High-efficiency LED array for bright and uniform illumination
- 3CCT selectable color temperature (3500K / 4000K / 5000K)
- CRI 80+ for consistent color rendering
- Low-glare illumination for commercial environments

Mount

- Suitable for surface or suspended mount installation
- Designed for warehouses, utility rooms, and commercial facilities
- Secure and easy installation structure
- Compatible with optional mounting accessories
