

# RBMP-2468-JB

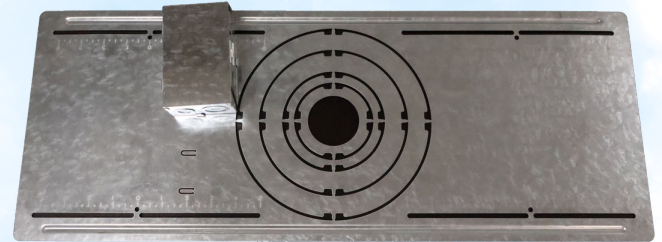

## Mount Plate for 2/4/6/8 inch with J-Box

### Mount Plate for 2/4/6/8 inch with J-Box

The **RBMP-2468-JB Mount Plate** is designed to simplify the installation of can-less recessed downlights in residential and commercial applications.

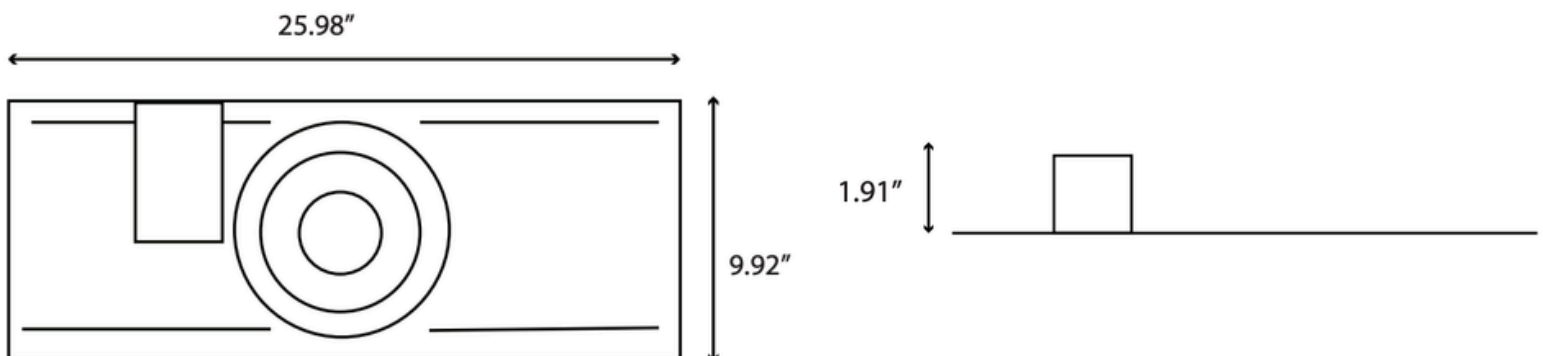

Compatible with multiple downlight sizes, the mounting plate includes an additional junction box for greater wiring flexibility and easier fixture connections. Constructed from durable galvanized steel, it provides reliable support for ceiling joist and drop ceiling installations.

### Key Features — Mount Plate for 2/4/6/8 inch with J-Box

- Compatible with 2", 3", 4", 6", and 8" LED recessed lights
- Includes additional junction box for flexible wiring connections
- Durable galvanized steel construction
- Lightweight, rust-resistant, and long-lasting design
- Suitable for residential and commercial applications
- Ideal for ceiling joist and drop ceiling installations
- Simplifies can-less downlight installation
- Secure and reliable mounting structure
