

# MJ-7 Series- Clear Face

## ALUMINUM EDGE-LIT ADJUSTABLE EXIT SIGN

Project Name:	Order Number:	Prepare by:	Note:	Date:	Type:

### Clear Face

The MJ-7 series Aluminum Edge-Lit Adjustable Exit Sign features easy installation with a universal J-box mounting pattern and a high-grade acrylic panel. It offers face plates and supports top, back, or end mounting. Powered by a 4.8V 600mAh rechargeable Ni-MH battery, it provides 90 minutes of emergency operation and fully recharges in 24 hours. With a five-year warranty, it meets UL 924 standards and is UL and cUL listed for damp locations (0°C-40°C), supporting dual 120/277 voltage input. It also includes a test switch and charge indicator.
