

# Surface Mount Kit Series

2x2/2x4/1x4

## Surface Mount Kit

The **Surface Mount Kit Series** is designed to convert recessed LED panel lights into surface-mounted fixtures for ceilings where recessed installation is not possible. Ideal for drywall, concrete, or solid ceiling applications, these kits provide a clean and professional mounting solution for **1x4, 2x2, and 2x4 LED panel lights**. Commonly used in offices, schools, retail stores, healthcare facilities, and commercial spaces, the kits allow quick and secure installation while maintaining a modern low-profile appearance.

## Key Features — Surface Mount Kit

- Available for 1x4, 2x2, and 2x4 panel lights
